

Good Move!

It's your life and your future. Make your next move the best you've ever made! **We can help.** At Greater Valley Group, we've assembled a relocation team that will help you through the transitions that will make your next move a *GOOD MOVE*.

Our **hotel staff** will introduce you to the area and provide information on the best restaurants and recreation options. Our apartment community managers will make your first few months (or years) comfortable and welcoming, as you establish roots and start to get settled.

When you're ready to build or buy a home, we can help with that, too. **Quail Run** is a family-friendly master-planned community with 1 and 2 story homes starting in the \$180's located near beautiful **West Point Lake** and **Twisted Pine Hunting Preserve**. If you prefer a golf course community, you'll want to visit **Riverside Estates**, offering large, wooded lots and resort-style living, complete with membership in the nearby country club. All of this is in Chambers County, Alabama, where property and income taxes are low. Convenient to I-85, our hotels, apartments and homes are just a short drive to metro destinations like Atlanta, Columbus, Auburn and Montgomery. With the new Kia production plant and the automotive suppliers only 15 minutes from all of these properties, good jobs are available, too.

We'll arrange a meeting with a real estate professional so you can discuss the needs and preferences of your family and we'll provide detailed information about various incentives and financing options, including special incentives for military and retired military members. We have a knowledgeable team and we're here to help you make a *GOOD MOVE!*

• Hotels

Hampton Inn & Suites, Lanett, AL 334-576-5400
